

June 27, 1960

Mr. D. A. Frandsen,
Attorney at Law
Price, Utah

Dear Mr. Frandsen:

Reference is made to the proposed Order, submitted to us June 23, 1960.

We have reviewed the Order, and believe it to be representative of the Court's decision in this matter. However, it is noted that the compensation for Mr. Edwards' services as Water Commissioner, has not been firmly established. We would recommend that his rate of pay, travel allowance, and the date or dates, he is to receive his remuneration, should be included in this order.

We have assigned Mr. Clarence E. Erickson, Jr., Distribution Engineer, of this office to work with Mr. Edwards. Mr. Erickson is due in the area on Thursday, June 30, and will contact Mr. Edwards at that time.

We trust this will prove satisfactory.

Sincerely,

Donald C. Meraeth,
Distribution Engineer
